1. Overview of SRC

Social Responsibility Council (SRC), a company incorporated under the provisions of section 8 of the Companies Act, 2013 and having its registered office at 114, 1st Floor, Pratap Bhavan, 5 BSZ Marg, ITO, New Delhi-110002

SRC is the Implementing Agency engaged by the **National Scheduled Tribes Finance and Development Corporation (NSTFDC) –Ministry of Tribal Affairs** for execution of its Corporate Social Responsibility (CSR) initiatives. As an implementation partner, SRC is responsible for on-ground planning, coordination, and execution of CSR projects, including the establishment of Space Labs in Eklavya Model Residential Schools (EMRS).

SRC works under the guidance of **NSTFDC** and in close collaboration with stakeholders to ensure timely, transparent, and effective delivery of projects. Its role includes vendor selection through open tendering processes, project management, monitoring, training, and ensuring sustainability of interventions. Through its dedicated efforts, SRC contributes to the larger mission of **NSTFDC** by enabling impactful CSR programs that support education, technology inclusion, and skill development for Scheduled Tribes across India.

2. Scope of Work

The implementation Agency (IA) **SRC**, is inviting tenders from **ISRO-recognized Space Tutor organizations for the establishment of “Space Labs” in EMRS**. The project is fully funded by CSR donor agencies and will be implemented under the guidance of **NSTFDC** as a part of their CSR activities.

SRC will select the vendor(s) through a public tendering process, as per the norms of the CSR donor organization. The projects will be funded by **CSR donor companies** to **NSTFDC** as part of their CSR initiatives, and thereafter routed to **SRC for further implementation through selected ISRO-recognized Space Tutor organizations**.

Through this initiative, Space Labs will be set up in Eklavya Model Residential Schools (EMRS), managed by NESTS under the Ministry of Tribal Affairs, across 26 states and UTs, to promote learning in space science, technology, engineering, and mathematics (STEM) for tribal students.

3. Broad Scope of Work includes:

- i. Establishment of Space Labs in designated EMRS schools
- ii. Procurement and installation of space-related equipment, instruments, learning kits, and training support required for project to EMRS teachers and students in space science, astronomy, and satellite technology, by ensuring compliance with prescribed norms of public procurement, CSR guidelines, and mutually agreed terms with **SRC**.
- iii. Curriculum delivery through hands-on training, workshops, and mentoring.
- iv. To ensure visibility and recognition of donor agencies on all Equipment's and other promotional materials
- v. Capacity building of EMRS school faculty.
- vi. Regular monitoring and submission of progress reports to the **SRC**.
- vii. Ensuring quality, sustainability, and timely execution of the project.
- viii. **Undertake maintenance, monitoring**, and periodic reporting to **SRC**
- ix. Should use Material which should be Combination of Aluminium, PVC and Fiber Only.
- x. **SRC** reserves the right to allot contract to one or multiple bidders

4. Geographical location of the projects

Selected Space Tutor organizations will be allocated clusters of schools/regions for implementation to ensure effective coverage and monitoring.

The detailed list of identified EMRS locations will be provided at the time of award of work

(Projects to be delivered at approx. 100 locations amongst 477 EMRS). The list given below)
